

"2010, Año de la Patria. Bicentenario del Inicio de la
Independencia y Centenario del Inicio de la Revolución"

I really appreciate your interest in promoting Mexican culture through its kitchen and through Guillermo Roel's artwork. I would have like to attend to this event because it is seems a very interesting concept. However, previous engagements don't allow me to be at the opening or represented by the Embassy staff. Therefore, I will ask the Honorary Consul of Mexico in Wroclaw, Mr. Bogdan Spiz to come or appoint someone.

Also if you would like we can inform the Mexican community in Wroclaw about this event or the possibility to visit the exhibition later in the month, in this regard please contact our cultural attaché Ms. Mónica Velarde at mvelarde@embamex.pl

We really wish our Mexican artist great success in this exhibition, and we are sure that with this kind of events your restaurant offers people of Wroclaw the opportunity to get to know Mexico and feel the taste of its food and creativity of its artists.

Congratulations and our best wishes for [Abrams' Tower] and Guillermo Roel.

Sincerely,

Raphael Steger
